

Erika's Lighthouse Affiliate Club Requirements

Many of our affiliate clubs are other kinds of clubs such as Key Clubs, SADD Chapters, student councils, or something else and may have requirements for those. We appreciate all of those who want to add to that by becoming an Erika's Lighthouse Affiliate Club and using our resources to support mental health in their schools. To make those materials as accessible as possible to as many schools and clubs as possible, we only have two easy requirements for our Affiliate Clubs.

Create a Resource Portal Account

- Club Advisors are required to have a [Resource Portal Account](#).
- All materials are accessed through the Resource Portal.

Register your Affiliate Club

- Clubs must fill out the [Empowerment Club Registration Form](#) each school year.
- When registering your club, please indicate the name of your club and if your club is also affiliated with one of our partners or another organization (Key Club, SADD, etc.) please include that in the club name.
